

Chapter 22: Examination of Public Records (Open Records)

22.1 DEFINITIONS.

1. The term "government body" means this state, or any county, city, township, school corporation, political subdivision, tax-supported district, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D, or other entity of this state, or any branch, department, board, bureau, commission, council, committee, official, or officer of any of the foregoing or any employee delegated the responsibility for implementing the requirements of this chapter.

2. The term "lawful custodian" means the government body currently in physical possession of the public record. The custodian of a public record in the physical possession of persons outside a government body is the government body owning that record. The records relating to the investment of public funds are the property of the public body responsible for the public funds. Each government body shall delegate to particular officials or employees of that government body the responsibility for implementing the requirements of this chapter and shall publicly announce the particular officials or employees to whom responsibility for implementing the requirements of this chapter has been delegated. "Lawful custodian" does not mean an automated data processing unit of a public body if the data processing unit holds the records solely as the agent of another public body, nor does it mean a unit which holds the records of other public bodies solely for storage.

3. As used in this chapter, "public records" includes all records, documents, tape, or other information, stored or preserved in any medium, of or belonging to this state or any county, city, township, school corporation, political subdivision, nonprofit corporation other than a fair conducting a fair event as provided in chapter 174, whose facilities or indebtedness are supported in whole or in part with property tax revenue and which is licensed to conduct pari-mutuel wagering pursuant to chapter 99D, or tax-supported district in this state, or any branch, department, board, bureau, commission, council, or committee of any of the foregoing.

"Public records" also includes all records relating to the investment of public funds including but not limited to investment policies, instructions, trading orders, or contracts, whether in the custody of the public body responsible for the public funds or a fiduciary or other third party.

Unless otherwise provided for by law, the right to examine a public record shall include the right to examine a public record without charge while the public record is in the physical possession of the custodian of the public

record. The right to copy a public record shall include the right to make photographs or photographic copies while the public record is in the possession of the custodian of the public record. All rights under this section are in addition to the right to obtain a certified copy of a public record under section 622.46.

2. A government body shall not prevent the examination or copying of a public record by contracting with a nongovernment body to perform any of its duties or functions.

3. However, notwithstanding subsections 1 and 2, a government body is not required to permit access to or use of the following:

a. A geographic computer database by any person except upon terms and conditions acceptable to the governing body. 22.3 SUPERVISION -- FEES.

1. The examination and copying of public records shall be done under the supervision of the lawful custodian of the records or the custodian's authorized designee. The lawful custodian shall not require the physical presence of a person requesting or receiving a copy of a public record and shall fulfill requests for a copy of a public record received in writing, by telephone, or by electronic means. Fulfillment of a request for a copy of a public record may be contingent upon receipt of payment of expenses to be incurred in fulfilling the request and such estimated expenses shall be communicated to the requester upon receipt of the request. The lawful custodian may adopt and enforce reasonable rules regarding the examination and copying of the records and the protection of the records against damage or disorganization. The lawful custodian shall provide a suitable place for the examination and copying of the records, but if it is impracticable to do the examination and copying of the records in the office of the lawful custodian, the person desiring to examine or copy shall pay any necessary expenses of providing a place for the examination and copying.

2. All expenses of the examination and copying shall be paid by the person desiring to examine or copy. The lawful custodian may charge a reasonable fee for the services of the lawful custodian or the custodian's authorized designee in supervising the examination and copying of the records. If copy equipment is available at the office of the lawful custodian of any public records, the lawful custodian shall provide any person a reasonable number of copies of any public record in the custody of the office upon the payment of a fee. The fee for the copying service as determined by the lawful custodian shall not exceed the actual cost of providing the service. Actual costs shall include only those expenses directly attributable to supervising the examination of and making and providing copies of public records. Actual costs shall not include charges for ordinary expenses or costs such as employment benefits, depreciation,

maintenance, electricity, or insurance associated with the administration of the office of the lawful custodian.

22.3A ACCESS TO DATA PROCESSING SOFTWARE.

1. As used in this section:

a. "Access" means the instruction of, communication with, storage of data in, or retrieval of data from a computer.

b. "Computer" means an electronic device which performs logical, arithmetical, and memory functions by manipulations of electronic or magnetic impulses, and includes all input, output, processing, storage, and communication facilities which are connected or related to the computer including a computer network. As used in this paragraph, "computer" includes any central processing unit, front-end processing unit, miniprocessor, or microprocessor, and related peripheral equipment such as data storage devices, document scanners, data entry terminal controllers, and data terminal equipment and systems for computer networks.

c. "Computer network" means a set of related, remotely connected devices and communication facilities including two or more computers with capability to transmit data among them through communication facilities.

d. "Data" means a representation of information, knowledge, facts, concepts, or instructions that has been prepared or is being prepared in a formalized manner and has been processed, or is intended to be processed, in a computer. Data may be stored in any form, including but not limited to a printout, magnetic storage media, disk, compact disc, punched card, or as memory of a computer.

e. "Data processing software" means an ordered set of instructions or statements that, when executed by a computer, causes the computer to process data, and includes any program or set of programs, procedures, or routines used to employ and control capabilities of computer hardware. As used in this paragraph "data processing software" includes but is not limited to an operating system, compiler, assembler, utility, library resource, maintenance routine, application, or computer networking program.

2. A government body may provide, restrict, or prohibit access to data processing software developed by the government body, regardless of whether the data processing software is separated or combined with a public record. A government body shall establish policies and procedures to provide access to public records which are combined with its data processing software. A public record shall not be withheld from the public because it is combined with data processing software. A government body shall not acquire any electronic data processing system for the storage, manipulation, or retrieval of public records that would impair the government body's ability to permit the examination of a public record and the copying of a public record in either written or electronic form. If it is necessary to separate a public record from data processing software in order to permit the examination or copying of the public record, the government body shall bear the cost of separation of the public record from the data processing software. The electronic public record shall be made available in a format useable with commonly

available data processing or database management software. The cost chargeable to a person receiving a public record separated from data processing software under this subsection shall not be in excess of the charge under this chapter unless the person receiving the public record requests that the public record be specially processed. A government body may establish payment rates and procedures required to provide access to data processing software, regardless of whether the data processing software is separated from or combined with a public record. Proceeds from payments may be considered repayment receipts, as defined in section 8.2. The payment amount shall be calculated as follows:

a. The amount charged for access to a public record shall be not more than that required to recover direct publication costs, including but not limited to editing, compilation, and media production costs, incurred by the government body in developing the data processing software and preparing the data processing software for transfer to the person. The amount shall be in addition to any other fee required to be paid under this chapter for the examination and copying of a public record. If a person accesses a public record stored in an electronic format that does not require formatting, editing, or compiling to access the public record, the charge for providing the accessed public record shall not exceed the reasonable cost of accessing that public record. The government body shall, if requested, provide documentation which explains and justifies the amount charged. This paragraph shall not apply to any publication for which a price has been established pursuant to another section, including section 2A.5.

b. If access to the data processing software is provided to a person for a purpose other than provided in paragraph "a", the amount may be established according to the discretion of the government body, and may be based upon competitive market considerations as determined by the government body.

3. A government body is granted and may apply for and receive any legal protection necessary to secure a right to or an interest in data processing software developed by the government body, including but not limited to federal copyright, patent, and trademark protections, and any trade secret protection available under chapter 550. The government body may enter into agreements for the sale or distribution of its data processing software, including marketing and licensing agreements. The government body may impose conditions upon the use of the data processing software that is otherwise consistent with state and federal law.

However, if the lawful custodian does not have customary office hours of at least thirty hours per week, such right may be exercised at any time from nine o'clock a.m. to noon and from one o'clock p.m. to four o'clock p.m. Monday through Friday, excluding legal holidays, unless the person exercising such right and the lawful custodian agree on a different time.

1. Personal information in records regarding a student, prospective student, or former student maintained, created, collected or assembled by or for a school corporation or educational institution maintaining such records. This subsection shall not be construed to prohibit a postsecondary education institution from disclosing to a parent or guardian information regarding a violation of a federal, state, or local law, or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the child is under the age of twenty-one years and the institution determines that the student committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance regardless of whether that information is contained in the student's education records.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient. However, confidential communications between a crime victim and the victim's counselor are not subject to disclosure except as provided in section 915.20A. However, the Iowa department of public health shall adopt rules which provide for the sharing of information among agencies and providers concerning the maternal and child health program including but not limited to the statewide child immunization information system, while maintaining an individual's confidentiality.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers' investigative reports, and specific portions of electronic mail and telephone billing records of law enforcement agencies if that information is part of an ongoing investigation, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual. Specific portions of electronic mail and telephone billing records may be kept confidential under this subsection only for as long as the statute of limitations would have run on a respective crime that is under investigation.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the purchase of real or personal property for public purposes, prior to public announcement of a project.

8. Iowa department of economic development information on an industrial prospect with which the department is currently negotiating.

9. Criminal identification files of law enforcement agencies. However, records of current and prior arrests and criminal history data shall be public records.

The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and a legitimate end and that the need for the information is cogent and compelling.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

As used in this subsection, "persons outside of government" does not include persons or employees of persons who are communicating with respect to a consulting or contractual relationship with a government body or who are communicating with a government body with whom an arrangement for compensation exists. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed by the custodian to interfere with the accomplishment of the objectives for which they are administered.

Information concerning the nature and location of any archaeological resource or site if, in the opinion of the state archaeologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historic preservation officer pertaining to access, disclosure, and use of archaeological site records.

21. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. 22.8 INJUNCTION TO RESTRAIN EXAMINATION.

1. The district court may grant an injunction restraining the examination, including copying, of a specific public record or a narrowly drawn class of public records. A hearing shall be held on a request for injunction upon reasonable notice as determined by the court to persons requesting access to the record which is the subject of the request for injunction. It shall be the duty of the lawful custodian and any other person seeking an injunction to ensure compliance with the notice requirement. Such an injunction may be issued only if the petition supported by affidavit shows and if the court finds both of the following:

a. That the examination would clearly not be in the public interest.

b. That the examination would substantially and irreparably injure any person or persons.

2. An injunction shall be subject to the rules of civil procedure except that the court in its discretion may waive bond.

3. In actions brought under this section the district court shall

take into account the policy of this chapter that free and open examination of public records is generally in the public interest even though such examination may cause inconvenience or embarrassment to public officials or others. A court may issue an injunction restraining examination of a public record or a narrowly drawn class of such records, only if the person seeking the injunction demonstrates by clear and convincing evidence that this section authorizes its issuance. An injunction restraining the examination of a narrowly drawn class of public records may be issued only if such an injunction would be justified under this section for every member within the class of records involved if each of those members were considered separately.

4. Good-faith, reasonable delay by a lawful custodian in permitting the examination and copying of a government record is not a violation of this chapter if the purpose of the delay is any of the following:

- a. To seek an injunction under this section.
- b. To determine whether the lawful custodian is entitled to seek such an injunction or should seek such an injunction.
- c. To determine whether the government record in question is a public record, or confidential record.
- d. To determine whether a confidential record should be available for inspection and copying to the person requesting the right to do so. A reasonable delay for this purpose shall not exceed twenty calendar days and ordinarily should not exceed ten business days.
- e. Actions for injunctions under this section may be brought by the lawful custodian of a government record, or by another government body or person who would be aggrieved or adversely affected by the examination or copying of such a record.

f. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19.

22.9 DENIAL OF FEDERAL FUNDS -- RULES.

If it is determined that any provision of this chapter would cause the denial of funds, services or essential information from the United States government which would otherwise definitely be available to an agency of this state, such provision shall be suspended as to such agency, but only to the extent necessary to prevent denial of such funds, services, or essential information.

An agency within the meaning of section 17A.2, subsection 1 shall adopt as a rule, in each situation where this section is believed applicable, its determination identifying those particular provisions of this chapter that must be waived in the circumstances to prevent the denial of federal funds, services, or information.

22.10 CIVIL ENFORCEMENT.

1. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19. Any aggrieved person, any taxpayer or citizen of the state of Iowa, or the attorney general or any county attorney, may seek judicial enforcement of the requirements of this chapter in an action brought against the lawful custodian and any other persons who would be appropriate defendants under the circumstances. Suits to enforce

this chapter shall be brought in the district court for the county in which the lawful custodian has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the defendant is subject to the requirements of this chapter, that the records in question are government records, and that the defendant refused to make those government records available for examination and copying by the plaintiff, the burden of going forward shall be on the defendant to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a lawful custodian has violated any provision of this chapter, a court:

a. Shall issue an injunction punishable by civil contempt ordering the offending lawful custodian and other appropriate persons to comply with the requirements of this chapter in the case before it and, if appropriate, may order the lawful custodian and other appropriate persons to refrain for one year from any future violations of this chapter.

b. Shall assess the persons who participated in its violation damages in the amount of not more than five hundred dollars nor less than one hundred dollars. These damages shall be paid by the court imposing them to the state of Iowa if the body in question is a state government body, or to the local government involved if the body in question is a local government body. A person found to have violated this chapter shall not be assessed such damages if that person proves that the person either voted against the action violating this chapter, refused to participate in the action violating this chapter, or engaged in reasonable efforts under the circumstances to resist or prevent the action in violation of this chapter; had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with the requirements of this chapter; or reasonably relied upon a decision of a court or an opinion of the attorney general or the attorney for the government body.

c. Shall order the payment of all costs and reasonable attorney fees, including appellate attorney fees, to any plaintiff successfully establishing a violation of this chapter in the action brought under this section. The costs and fees shall be paid by the particular persons who were assessed damages under paragraph "b" of this subsection. If no such persons exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful plaintiff from the budget of the offending government body or its parent.

d. Shall issue an order removing a person from office if that person has engaged in a prior violation of this chapter for which damages were assessed against the person during the person's term.

4. Ignorance of the legal requirements of this chapter is not a defense to an enforcement proceeding brought under this section. A lawful custodian or its designee in doubt about the legality of allowing the examination or copying or refusing to allow the examination or copying of a government record is authorized to bring suit at the expense of that government body in the district court of the county of the lawful custodian's principal place of business, or to seek an opinion of the attorney general or the attorney for the lawful custodian, to ascertain the legality of any such action.

5. Judicial enforcement under this section does not preclude a criminal prosecution under section 22.6 or any other applicable criminal provision.

22.11 FAIR INFORMATION PRACTICES.

This section may be cited as the "Iowa Fair Information Practices Act". It is the intent of this section to require that the information policies of state agencies are clearly defined and subject to public review and comment.

1. Each state agency as defined in chapter 17A shall adopt rules which provide the following:

a. The nature and extent of the personally identifiable information collected by the agency, the legal authority for the collection of that information, and a description of the means of storage.

b. A description of which of its records are public records, which are confidential records, and which are partially public and partially confidential records and the legal authority for the confidentiality of the records. The description shall indicate whether the records contain personally identifiable information.

c. The procedure for providing the public with access to public records.

d. The procedures for allowing a person to review a government record about that person and have additions, dissents, or objections entered in that record unless the review is prohibited by statute.

e. The procedures by which the subject of a confidential record may have a copy of that record released to a named third party.

f. The procedures by which the agency shall notify persons supplying information requested by the agency of the use that will be made of the information, which persons outside of the agency might routinely be provided this information, which parts of the information requested are required and which are optional and the consequences of failing to provide the information requested.

g. Whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with personally identifiable information in another record system.

2. A state agency shall not use any personally identifiable information after July 1, 1988, unless it is in a record system described by the rules required by this section.

Referred to in § 22.12

22.12 POLITICAL SUBDIVISIONS.

A political subdivision or public body which is not a state agency as defined in chapter 17A is not required to adopt policies to implement section 22.11. However, if a public body chooses to adopt policies to implement section 22.11 the policies must be adopted by the elected governing body of the political subdivision of which the public body is a part. The elected governing body must give reasonable notice, make the proposed policy available for public inspection and allow full opportunity for the public to comment before adopting the policy. If the public body is established pursuant to an agreement under chapter 28E, the policy must be adopted by a majority of the public agencies party to the agreement. These policies shall be kept in the office of the county auditor if adopted by the board of supervisors, the city clerk if adopted by a city, and the chief administrative officer of the public body if adopted by some other elected governing body.

22.13 SETTLEMENTS -- GOVERNMENTAL BODIES.

A written summary of the terms of settlement, including amounts of payments made to or through a claimant, or other disposition of any claim for damages made against a governmental body or against an employee, officer, or agent of a governmental body, by an insurer pursuant to a contract of liability insurance issued to the governmental body, shall be filed with the governmental body and shall be a public record.

22.14 PUBLIC FUNDS INVESTMENT RECORDS IN CUSTODY OF THIRD PARTIES.

1. The records of investment transactions made by or on behalf of a public body are public records and are the property of the public body whether in the custody of the public body or in the custody of a fiduciary or other third party.

2. If such records of public investment transactions are in the custody of a fiduciary or other third party, the public body shall obtain from the fiduciary or other third party records requested pursuant to section 22.2.

3. If a fiduciary or other third party with custody of public investment transactions records fails to produce public records within a reasonable period of time as requested by the public body, the public body shall make no new investments with or through the fiduciary or other third party and shall not renew existing investments upon their maturity with or through the fiduciary or other third party. The fiduciary or other third party shall be liable for the penalties imposed under section 22.6 due to the acts or omissions of the fiduciary or other third party and any other remedies available under statute, common law, or contract.
